

## 65000A Lithium Calcium grease EP-2

Document version: November 17th 2018

### Description

This lithium calcium EP-2 Grease has been specially developed for chassis points and ball clutches and universal joints. This grease reduces the number of re-lubrication operations for commercial vehicles, earth-moving machinery and agricultural machinery. Due to the water-repellent properties this grease is excellent for use in damp and dirty conditions.
