

APPLICATIONS

Detergent and degreaser for car wheels.

CUSTOMER ADVANTAGES

- It cleans the alloy rims from the stubborn residues of the braking system and from dirt produced by the smog.
- It does not affect chrome plating and leaves the rims bright.

CHARACTERISTICS

Properties	Method	Unit	Typical
Colour	-	-	green
Density at 20°C	ASTM D 4052	kg/m ³	1008
pH	ASTM D 1172	-	7.9
